

You Space meets students and researchers

November 7, 2016

Location: Vrije Universiteit Brussel, Campus Etterbeek, room D0.07

The space sector is expanding quickly in Belgium and Europe with a growing job market in research and industry. **Estimations indicate that 12.000 jobs will open up in the European space industry within the next 10 years.** Those job opportunities, will require larger numbers of specialists in numerous fields, such as chemistry, physics, engineering, biology, medicine environmental sciences, law, and so on.

This joint event by ULB and VUB will allow **students and researchers** to learn about job opportunities in the space sector and to get in touch with representatives of space industry. There will be some snack available at the registration. Registration is free but please register by sending an email to: secretariat@dominiquetilmans.be .
